ROBERT K. WASHINO, DAVIS

WHEN: Tuesday, April 21, 2009

WHY: Homeless residents are at a higher risk of being bitten by mosquitoes and exposed to West Nile virus. As part of our community involvement and education program, the District is reaching out to this segment of the population to provide free mosquito repellent packets and information on how they can protect themselves.

To see a complete schedule of activities for Mosquito and West Nile Virus Awareness Week, please visit www.FIGHTtheBITE.net

The Sacramento-Yolo Mosquito and Vector Control District provides year round mosquito and vector control services. The main goal for the District is to keep the public healthy by preventing the transmission of diseases and improving the quality of life for residents.
