

Sacramento-Yolo  
MOSQUITO & VECTOR  
CONTROL DISTRICT

PACIFIC SOUTHWEST CENTER OF  
EXCELLENCE IN  
VECTOR-BORNE DISEASES

# We're hiring a summer intern!

Intern with us this summer at Sacramento-Yolo Mosquito and Vector Control District in Elk Grove, California! You'll gain hands-on biological field and laboratory experience, including mosquito surveillance and identification, and conduct an applied research project with district biologists. Your paid summer experience will culminate in a presentation at a state or regional vector control meeting. You'll also join a network of trainees in the region to continue building your skills and network, which could lead to potential future career opportunities!

## Qualifications:

- ▶ Undergraduate student or recent graduate (2- or 4-year institution)
- ▶ At least one course in biology
- ▶ Strong interest in biology & willingness to learn
- ▶ Valid driver's license & ability to lift 50 pounds
- ▶ Ability to work in the United States

APPLICATION DEADLINE:

**OPEN UNTIL FILLED**

INTERNSHIP DATES:

**MAY - SEPTEMBER**

LOCATION:

**ELK GROVE, CA**

PAY:

**\$22-24/HR, 40 HRS/WEEK**

## HOW TO APPLY:

To apply for the PACVEC Internship, you may either:  
Email a completed application to [jobs@fightthebite.net](mailto:jobs@fightthebite.net)  
with the subject line: *PACVEC Internship Application*.  
OR

Submit the digital application online and be sure to select "PACVEC Internship" from the list of positions
